

Certificate holder:

Moveart GmbH

Zürcherstrasse 8
CH-4143 Dornach

Products: Playground equipment, see the annex of the certificate for exact product designations

The range of playground equipment has been tested to meet the requirements of the EN 1176-1:2017 and EN 1176-7:2008 series of standards. The award of the test mark certifies that the products meet the requirements for placing on the market in accordance with article 3 of the Federal Law on Product Safety PrSG / SR 960.311.

Test mark:

<u>Certificate no:</u>	250420

Validity of the Swiss Safety Center certificate

1. The certificate is only valid for the certificate holder named on the certificate and for the audited production site. Only the Certification Body may transfer the certificate to third parties.
2. The right to use the test mark extends only to the products mentioned in the certificate.
3. Product-specific installation and maintenance instructions must be included with all products.
4. The certificate is valid for a maximum of 3 years, provided that the design or mode of operation of the products is not changed. It is the responsibility of the certificate holder to notify the Certification Body of any changes resulting from adaptation to the state of the art or for reasons of general product renewal. Individual components or further attachments are not part of the certificate.
5. The Swiss Safety Center AG "Safety tested" test mark may be used on the products and in publications for advertising purposes during the period of validity of the certificate if it is unambiguously clear that it is only valid for products mentioned in the certificate and if the above conditions are met.
6. The production site is inspected annually. The visit is agreed in advance, the costs are borne by the certificate holder.
7. The certification body reserves the right to check selected products to see whether they still correspond to the certified products, the costs are borne by the certificate holder.

If this certificate becomes invalid or is declared invalid, it must be returned to the Certification Authority immediately.
